

Weekly Update

Friday 11th October

Happy Friday! We are looking forward to seeing you all next week for your parent's evening. If you are unable to attend your appointment, please let the teacher know and I am sure they can rearrange.

PUPIL LEADERS

This week I had the privilege of taking two members of our Pupil Parliament to the Central Region School Trust Conference where they met other members from all the schools in our family. Our pupil leaders shone as they worked with children from first, middle and secondary schools. They discussed themes such as charities, how we could become more sustainable and ways of supporting our local community.

HARVEST ASSEMBLY

Next Friday parents of Y1-Y4 pupils are welcome to join us for our annual Harvest Celebration. We ask for donations of food, milk and toiletries to replenish our own food bank. Our food bank is used to support our families or members of the local community. Last year we helped many families, providing meals for those in need and we would like to continue this important resource. We welcome donations of canned food, pasta, rice, cereal and most importantly tea and long-life milk. Please bring in donations from Thursday and we will make them into our 'Happy Hampers' that can be given when people need a meal.

Thank you
